By Topic

Our topical index provides a key to essays, editorials, and some more significant "Mailbox" items, with writers identified by surnames in the case of essays, "Ed." for editorial, and "MB" for writers of "Mailbox" letters.

Topical headings are chosen with a view to practical usefulness. They do not always reflect scientific classification.

We have tried to identify each piece according to its principal thrust, and sometimes we have made double listings. Items are listed under Bible text only when they are clearly exegetical.

We suggest that the user review the entire list of categories.

Religion and the WORLD

GLENDALE, CA (BRG)—Most
Americans may believe that Jesus
Christ existed, but a majority of
adults do not believe in the exis-
tence of His chief rival, Satan. A
nationwide random survey of adults
eighteen or older conducted by the
Barna Research Group discovered
that people's religious beliefs are
continuing to change in funda-
mental and significant ways. The
survey underscored the fact that

while most Americans assert that
Jesus Christ was the Son of God,
many doubt His divinity. The
survey found that 42 percent
believe that when Jesus lived on
earth, He "was human and
committed sins, just like other
people."

COLORADO SPRINGS, CO (CIN)—
The United Prayer Track of the AD
2000 and Beyond Movement has

designated October, 1995, as the
date for the second prayer focus on
the 10/40 Window. During October,
1993, some 20 million Christians
and 105 nations prayed for 62
nations in the 10/40 Window. Some
256 intercessory prayer teams
prayed on site in these nations. The
result was the largest global prayer
initiative in the church's history.
